From there, I'll be able to start looking at options for you straight away, or if you get stuck, I'll be here to help.

No Impact On Your Credit Score & No Commitment

Our process doesn't impact your credit score or commit you to anything. It's worth noting that other enquiries for finance can and will be listed on your credit file, which can lower your credit score. So, to protect your credit score and help me get you the best rate and repayments possible, just hold off on other enquiries while we are working together.

If you have any questions, please reply to this email, or give me a call on [[phoneEmail]]

We are closing your enquiry as we were unable to connect with you on the contact details you provided

Hi {{recipient.first_name}},

Thank you for visiting our site and leaving your details.

Unfortunately, we are unable to connect with you on the number you have provided. Please be advised that we will keep a record of your details in our system and will endeavour to keep you informed of any special offers and the latest rates as they become available (unless you notify us otherwise).

As your very own personal finance expert, I am always here to answer any questions that you have along the way and to make getting to settlement as easy and painless as possible. I understand that it is my job to get you and your family the best rate and repayments available in the market and a loan that will always suit your requirements.

Should you wish to make contact in the future please don't hesitate to contact me on any of my numbers below. Please also note that in most cases a formal approval can occur in less than 1 hour once we have received and verified your details.
